Touchscreen Series Interactive Whiteboard DT753K / DT863K

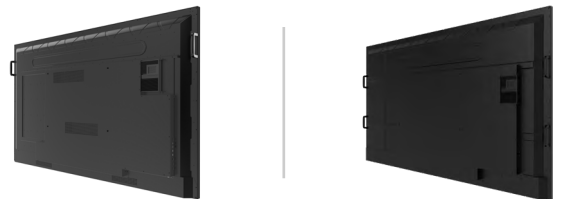

Panel Features

The DT whiteboards display a stunning amount of 1.7B colours. The 20 point touch display with IR technology eliminates most "dead zones" and enhances point precision performance.

Mounting options

The DT touch display are able to play content in portrait and landscape mode. Mounting them on the wall is easy due to VESA compatibility.

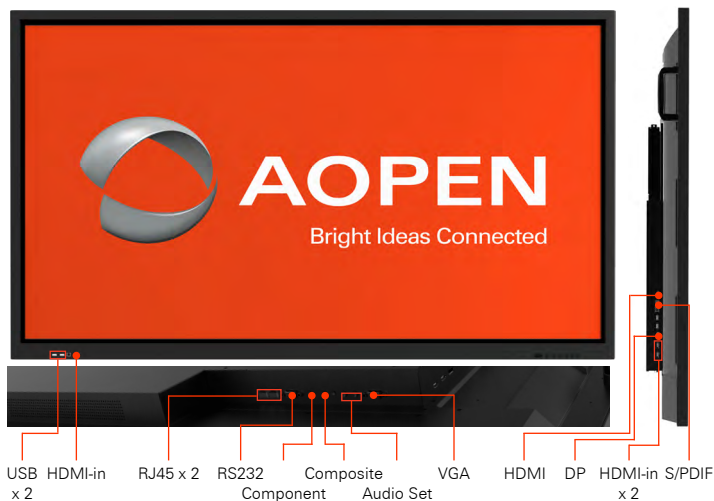

Education

This interactive screen has interactive whiteboard features and an OPS slot. The RS232 port allows you to control the display remotely.
